

# HyeJeong Yun

---

**EDUCATION**    *BS in Computer Science, UNIVERSITY OF CALIFORNIA SAN DIEGO, La Jolla, CA    June 2022*  
Major: Computer Science                      GPA: 3.08  
Coursework: Data Science, Software Engineering, Computer Graphics

**SKILLS**

- Software: Python, SQL, Java, JS, C++, Clojure, FIGMA
- Language: Korean, English

**EXPERIENCE**    *Merchandise Associate, HOMEGOODS, Monrovia, CA                      July 2020-September 2021*

- Maintained all organizational, cleanliness, and recovery standards for the sales floor and participated in the maintenance/cleanliness of the entire store.
- Processed and prepared merchandise accurately for the sales floor following company procedures and standards.
- Drove sales through engagement of customers, suggestive selling, and sharing product knowledge.
- Responded appropriately to changes in direction or unexpected situations.
- Partnered with TJ Maxx to enhance customer service experience by helping customers with questions, problems, and complaints in person and via telephone.

**VOLUNTEER**    *FTC Robotics Competitions, Monrovia, CA                      August 2014-December 2019*

- Assisted in maintaining a safe and orderly environment for all teams and guests.
- Created and managed a safe, orderly flow of robots and teams to and from the competition in order to keep matches running in time.
- Guided teams to queue for their competition time to ensure that the flow of matches would be uninterrupted.
- Restored the playing field back to its original set up efficiently and accurately to maintain the rapid pace of competition.

*FTC Robotics Mentor, Santa Fe Middle School, Monrovia, CA                      August 2014-December 2019*

- Mentored three teams (~35 students) by providing advice in mechanical design, public outreach, and presentation.
- Supervised students to help develop their skills in time management, prioritization and problem solving.
- Coached their drive team to help develop strategies for competitive play and unexpected situations

**PROJECTS**    *Royal Emerald Pharmaceutical Employee Portal, UCSD, La Jolla, CA                      Fall 2021*

- Collaborated with 9 other students to design and create an employee portal with a multitude of features that met the needs of our clients in 10 weeks.
- Communicated with our clients on a regular basis to understand their needs to be able to implement modifications and additions based on their feedback.
- Participated in all meetings in order to effectively test and review all documents in each phase of development to ensure the quality of our work.
- Applied agile methodologies to practical scenarios (Kanban).

*Political Party Affiliation vs. UFO Reports, UCSD, La Jolla, CA                      Spring 2021*

- Teamed up with 3 other students to gather, cleanup, and identify any correlation between UFO sightings data and political party affiliation data.
- Utilized Python and Jupyter Notebook to organize data and display a multitude of graphs and diagrams.
- Applied agile methodologies to practical scenarios (Scrum)
